

Commitment to the Future . . . Now

Diamond Forest Resources, celebrating over 25 years of providing the industry's highest quality wooden pallets, has expanded far beyond its home base in Eastern Kentucky to serve customers in major industries throughout North America.

We welcome all of our clients to visit our facilities and welcome suggestions on continuous process improvement because our commitment to doing it right the first time is part of the **DIAMOND DIFFERENCE!**

Our Goal is to Build Enduring Relationships Through Unsurpassed Service and Unrivaled Quality.

Palletizing Machinery
Stretch Film
And More...

The Diamond Forest Resources Team Makes the Difference!

Many companies sell pallets. Diamond Forest provides solutions and the solutions come from a team of pallet and packaging experts who have helped shape an entire industry. Our staff includes engineers, certified master loggers, and quality service professionals committed to excellence.

It's not surprising that the faces behind Diamond Forest Resources are the faces that have led the industry for more than two decades. Our leadership team possesses the integrity that the nations most demanding customers require.

We belong to both State and National trade associations and have served on the Board of Directors for both associations.

Kentucky Forest Industries Association
National Wooden Pallets & Container
Association
